Tractor, Equipment & Industrial Enamel Hardener/Accelerator

SUPER PREMIUM

Our enamel hardener/accelerator is a value-added alternative to our hardener/catalyst. It reduces dry time and improves enamel hardness.

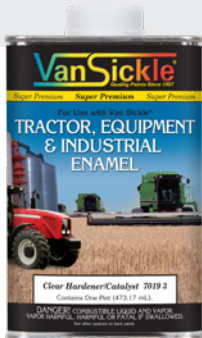

Features:

- Use for increased durability, gloss retention, and film hardness
- Can aid in through-cure of the finish coat

Available in Pints (3) and Half Pints (6)

Tractor, Equipment & Industrial Enamel Hardener/Accelerator	Sheen	Product #
Clear	N/A	7028

Tractor, Equipment & Industrial Enamel Hardener/Catalyst

SUPER PREMIUM

Our enamel hardener/catalyst provides increased durability, chemical resistance, and improves long-term gloss retention.

Features:

- Use for increased durability, gloss retention, and film hardness
- Can aid in through-cure of the finish coat

Available in Pints (3) and Half Pints (6)

Tractor, Equipment & Industrial Enamel Hardener/Catalyst	Sheen	Product #
Clear	N/A	7019

Pre-Clean

PREMIUM

Pre-Clean surface prep cleaner is an ideal solvent blend formulated to promote proper adhesion by removing dirt, oils, and other contaminants.

Features:

- An outstanding surface cleaner
- Can be used on bare metal or painted surfaces

Available in Gallons

Pre-Clean	Sheen	Product #
Clear	N/A	PC-50

Tractor, Equipment & Industrial Enamel Primer

Our best oil primer.

Features:

- Available in four colors
- Formulated for use under our tractor and equipment finish coats
- Outstanding adhesion to metal and previous paint finishes

Available in Sprays (70), Quarts (74), Gallons (71), and 5 Gallons (75)

SUPER PREMIUM

Sandable Primer

Our sandable primer is designed to be applied in multiple coats, sanding between so imperfections like pits and scratches can be smoothed out.

Features:

- Fast 1 hour dry-to-sand
- Available in gray only

Available in Sprays (70), Quarts (74), and Gallons (71)

Sandable Primer	Sheen	Product #
Gray	Flat	169

SUPER PREMIUM

Tractor & Equipment Enamel Reducer

SUPER PREMIUM

A VOC-exempt solvent blend designed for use with the Tractor and Equipment Enamel finishes and primers.

Features:

- VOC-exempt in most air districts
- Does not add to the VOC levels of the enamels used
- Packaged in pints as ready-to-use pre-measured reduction volume

Available in Pints

Tractor & Equipment Enamel Reducer	Sheen	Product #
Clear	N/A	R-05

Tractor, Equipment & Industrial Enamel Aluminum

SUPER PREMIUM

Our best oil-based enamel finish

Our leafing aluminum delivers a bright aluminum finish. Best for prepared metal surfaces where a durable, fade-resistant enamel is desired.

Features:

- 8 to 12 hour dry allows for overnight dry to recoat
- Contains rust arrestor for better corrosion resistance

Available in Sprays (70), Quarts (74), Gallons (71), and 5 Gallons (75)

Tractor, Equipment & Industrial Enamel Aluminum	Sheen	Product #
Aluminum	Satin	401

Tractor, Equipment & Industrial Enamel Acrylic Lacquer Clear Coat

Our Acrylic Lacquer clear coat is ideal for properly cured enamel finish coats. Enamel finish coats must be cured a minimum of 48 hours before clear coat application.

Features:

- Provides additional protection and fade resistance
- Can be applied over properly cured and lightly sanded enamel finishes

Available in Sprays (70), Quarts (74), and Gallons (71)

Tractor, Equipment & Industrial Enamel Acrylic Lacquer Clear Coat	Sheen	Product #

Black Sealer/Undercoater	N/A	122
Clear* Sealer	N/A	123

*Product does not dry crystal clear.

Pre-Clean

Pre-Clean surface prep cleaner is an ideal solvent blend formulated to promote proper adhesion by removing dirt, oils, and other contaminants.

Features:

- An outstanding surface cleaner
- Can be used on bare metal or painted surfaces as well as many other applications

Available in Gallons

Pre-Clean	Sheen	Product #
Clear	N/A	PC-50

PREMIUM

Cleaners and Solvents

Boiled Linseed Oil

PREMIUM

Ideal as a wood preservative and many other wood finishing projects.

Features:

- Use as an additive or pre-finish for wood surfaces

Available in Quarts (4) and Gallons (1)

Boiled Linseed Oil	Sheen	Product #
Clear	N/A	LB-45

Super Paint Thinner

PREMIUM

Our top-quality mineral spirits-based solvent.

Features:

- Great for use when thinning our equipment enamels for brush or roll applications
- A good cleanup solvent for oil house, barn, or equipment paint

Available in Quarts (4) and Gallons (1)

Super Paint Thinner	Sheen	Product #
Clear	N/A	ST-30

Lacquer Thinner

PREMIUM

Lacquer thinner is used to thin lacquer coatings and general cleanup.

Features:

- Our quality lacquer solvent blend is ideal for thinning lacquer-based products and solvent-based cleanup applications

Available in Quarts (4) and Gallons (1)

Lacquer Thinner	Sheen	Product #
Clear	N/A	LT-40

VM&P Naphtha Thinner

PREMIUM

VM&P, short for Varnish Makers and Paint Thinner, is a fast dry solvent used primarily as a solvent for tractor and equipment enamel.

Available in Quarts (4) and Gallons (1)

Lacquer Thinner	Sheen	Product #
Clear	N/A	N-35

EZ-SLIDE®

Graphite-Based Coatings and Lubricants

EZ-Slide Dry Film Lubricant

Our oil-based, dry-film, friction-reducing graphite coating.

Features:

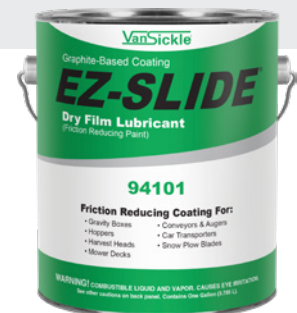

- Reduces surface friction
- Available in a medium dry brush or roll and a fast dry spray applied formulations

Available in Sprays (0), Quarts (4), and Gallons (1)

EZ-Slide Dry Film Lubricant	Sheen	Product #
Black (Medium Dry)	Flat	9410

Available in Sprays (0), Inverted Sprays (i), Quarts (4), and Gallons (1)

Black (Fast Dry)	Flat	9512
------------------	------	------

EZ-Slide Graphite-Based Coatings and Lubricants

EZ-Slide Waterborne Dry Film Lubricant

Our waterborne graphite friction-reducing paint.

Features:

- Nonflammable waterborne formula
- Reduces surface friction
- Lower VOC than the solvent based versions

Available in Quarts (4) and Gallons (1)

EZ-Slide Waterborne Dry Film Lubricant	Sheen	Product #
Black	Flat	9511

EZ-Slide Talc Seed Lubricant

Our high-purity talc seed lubricant designed specifically for use with treated seed in air planters.

Features:

- Addition of graphite to the talc helps eliminate static buildup, providing better seed placement
- High purity results in less meter wear
- Reduces moisture issues in air planters
- Maximizes yield and profit by increasing plant population per acre

Available in 8# Bottles (0), 20# Buckets (1), 20# Boxes (2), and 40# Boxes (4)

EZ-Slide Talc Seed Lubricant	Sheen	Product #
White	N/A	1900

EZ-Slide 80/20 Talc/Graphite Powder Seed Lubricant

A specially designed talc and graphite blend with high-purity components reduces meter wear and improves planting efficiency

Features:

- Addition of graphite to the talc helps eliminate static buildup, providing better seed placement
- Reduces moisture issues in air planters
- Maximizes yield and profit by increasing plant population per acre
- Designed exclusively for treated seed
- Use in both gravity feed and air planters

Available in 8# Bottles (8), 20# Buckets (1), 20# Boxes (2), and 40# Boxes (4)

EZ-Slide 80/20 Talc/Graphite Powder Seed Lubricant	Sheen	Product #
Gray	N/A	0901

EZ-Slide Graphite-Based Coatings and Lubricants

EZ-Slide 50/50 Talc Graphite Powder

A specially designed talc and graphite blend with high-purity components reduces meter wear and improves planting efficiency.

Features:

- Designed exclusively for treated seed
- Use in both gravity feed and air planters
- High purity results in less meter wear
- Reduces moisture issues in air planters
- Maximizes yield and profit by increasing plant population per acre

Available in 8# Bottles (8), 20# Boxes (2), and 40# Boxes (4)

EZ-Slide 50/50 Talc Graphite Powder	Sheen	Product #
Gray	N/A	0902

EZ-Slide Graphite Powder Seed Lubricant

Our family of powder seed lubricants.

Features:

- Graphite powder seed lubricant most commonly used in finger planters and small grain applications

Available in 1# Bottles (3), 5# Bottles (0), 20# Buckets (1), 20# Boxes (2), and 40# Boxes (4)

EZ-Slide Graphite Powder Seed Lubricant	Sheen	Product #
Black	N/A	9950

EZ-Slide Custom Cap

Our specialty measuring lid that dispenses 2 ounces of powder material each dispensing cycle.

Features:

- Ensures accurate powder dispensing
- Designed to fit our eight pound specialty bottle
- Helps eliminate over-application of seed lubricant

EZ-Slide Custom Cap	Product #
Black	164
