

# SAFETY DATA SHEET

Revision Date 13-May-2015

# **1. IDENTIFICATION**

| <u>Product identifier</u><br>Product Name     | Flat Utility Red |
|---|------------------|
| Other means of identification<br>Product Code | 93171            |

93171, 93175

#### Recommended use of the chemical and restrictions on use **Recommended Use** No information available. No information available Uses advised against

#### Details of the supplier of the safety data sheet

Manufacturer Address

SKU(s)

Van Sickle Paint Mfg. Co. PO Box 82222 Lincoln, NE 68501 Phone: 402-476-6558 Fax: 402-476-6749

Emergency telephone number **Emergency Telephone** 

Chemtrec 1-800-424-9300

# 2. HAZARDS IDENTIFICATION

#### Classification

#### **OSHA Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Carcinogenicity Category 1A **Emergency Overview** Danger Hazard statements May cause cancer Odor No information available Appearance No information available Physical state liquid **Precautionary Statements - Prevention** Obtain special instructions before use

Do not handle until all safety precautions have been read and understood Use personal protective equipment as required

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention

Version 1

#### Precautionary Statements - Storage

Store locked up

#### **Precautionary Statements - Disposal** Dispose of contents/container to an approved waste disposal plant

# Hazards not otherwise classified (HNOC)

Other Information Unknown acute toxicity

32.19% of the mixture consists of ingredient(s) of unknown toxicity

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name  | CAS No.    | Weight-% | Trade Secret |
|--|------------|----------|--------------|
| Calcium carbonate  | 1317-65-3  | 10 - 30  | *            |
| Heavy Paraffinic Distillate  | 64742-54-7 | 0.1 - 1  | *            |
| Crystalline Silica   | 14808-60-7 | 0.1 - 1  | *            |
| *The exact percentage (concentration) of composition has been withhold as a trade secret |            |          |              |

The exact percentage (concentration) of composition has been withheld as a trade secret.

# **4. FIRST AID MEASURES**

| Description of first aid measures  |   |  |
|--|---|--|
| General advice   | If symptoms persist, call a physician.  |  |
| Eye contact  | Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician. |  |
| Skin Contact   | Immediate medical attention is not required. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician.                 |  |
| Inhalation   | Immediate medical attention is not required. If symptoms persist, call a physician. Move to fresh air in case of accidental inhalation of vapors or decomposition products.                                       |  |
| Ingestion  | Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Call a physician. Do NOT induce vomiting.   |  |
| Self-protection of the first aider   | Use personal protective equipment as required.  |  |
| Most important symptoms and effe   | ects, both acute and delayed  |  |
| Symptoms   | No information available.   |  |
| Indication of any immediate medical attention and special treatment needed |   |  |
| Note to physicians   | Treat symptomatically.  |  |

# 5. FIRE-FIGHTING MEASURES

#### Suitable extinguishing media

Use. Dry chemical. Carbon dioxide (CO2). Water spray (fog). Alcohol resistant foam.

Unsuitable extinguishing media CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific hazards arising from the chemical

Keep product and empty container away from heat and sources of ignition. Risk of ignition.

# Explosion data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

<u>Protective equipment and precautions for firefighters</u> As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

|                                  | 6. ACCIDENTAL RELEASE MEASURES  |  |
|----------------------------------|---|--|
| Personal precautions, protectiv  | re equipment and emergency procedures   |  |
| Personal precautions             | Use personal protective equipment as required. Remove all sources of ignition. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Pay attention to flashback. Take precautionary measures against static discharges.   |  |
| Environmental precautions        |   |  |
| Environmental precautions        | See Section 12 for additional ecological information. Do not flush into surface water or sanitary sewer system. Prevent further leakage or spillage if safe to do so. Prevent product from entering drains.   |  |
| Methods and material for conta   | inment and cleaning up  |  |
| Methods for containment          | Prevent further leakage or spillage if safe to do so.   |  |
| Methods for cleaning up          | Dam up. Use personal protective equipment as required. Cover liquid spill with sand, earth or other non-combustible absorbent material. Take up mechanically, placing in appropriate containers for disposal. Clean contaminated surface thoroughly. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Take precautionary measures against static discharges. |  |
|                                  | 7. HANDLING AND STORAGE   |  |
| Precautions for safe handling    |   |  |
| Advice on safe handling          | Use with local exhaust ventilation. All equipment used when handling the product must be grounded. Keep away from heat/sparks/open flames/hot surfaces No smoking. Use personal protective equipment as required. Do not breathe dust/fume/gas/mist/vapors/spray. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors).                           |  |
| Conditions for safe storage, inc | luding any incompatibilities  |  |
| Storage Conditions               | Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep containers tightly closed in a cool, well-ventilated place. Keep away from heat. Keep in properly labeled containers.   |  |
| Incompatible materials           | None known based on information supplied.   |  |
| 8.                               | EXPOSURE CONTROLS/PERSONAL PROTECTION   |  |

#### Control parameters

# **Exposure Guidelines**

| Chemical Name     | ACGIH TLV | OSHA PEL                                       | NIOSH IDLH                               |

NIOSH IDLH Immediately Dangerous to Life or Health

```
Other Information
```

Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

#### Appropriate engineering controls

| Engineering Controls | Showers              |
|----------------------|----------------------|
|                      | Eyewash stations     |
|                      | Ventilation systems. |

### Individual protection measures, such as personal protective equipment

| Eye/face protection            | Tight sealing safety goggles.   |
|--------------------------------|---|
| Skin and body protection       | No special technical protective measures are necessary.   |
| Respiratory protection         | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. |
| General Hygiene Considerations | When using do not eat, drink or smoke. Regular cleaning of equipment, work area and clothing is recommended.  |

# 9. PHYSICAL AND CHEMICAL PROPERTIES

| EPA VOC (lbs/gal)          | 0.5                      |
| EPA VOC (grams/liter)      | 60.2                     |
| EPA VOC (lb/gal solids)    | 0.5                      |

# **10. STABILITY AND REACTIVITY**

#### **Reactivity**

No data available

#### **Chemical stability**

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

#### Conditions to avoid

Heat, flames and sparks.

#### Incompatible materials

None known based on information supplied.

#### Hazardous Decomposition Products

None known based on information supplied.

# **11. TOXICOLOGICAL INFORMATION**

### Information on likely routes of exposure

| Product Information | No data available  |
|---------------------|--------------------|
| Inhalation          | No data available. |
| Eye contact         | No data available. |
| Skin Contact        | No data available. |
| Ingestion           | No data available. |

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. Shipping information may vary based upon container size and shipping destination. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage, or release to the environment. The manufacturer assumes no responsibility for injury to the recipient or third persons, or for any damages to any property resulting from misuse of the product.
